

FIRE EXTINGUISHER TRAINING

The fire prevention bureau no longer offers this service to the general public as there are several local businesses that provide fire extinguisher training.

The benefits that employees will receive from fire extinguisher demonstrations are:

- Information on basic fire and life safety.
- How and when to use a fire extinguisher in the event of an emergency.
- Becoming familiar with the firefighters of the community.
- Hands-on training with the fire extinguishers.
- Learning about the different types of fire extinguishers.
- When to call 9-1-1
