

FIRE PROTECTION SYSTEM INSPECTIONS

FIRE SPRINKLERS, FIRE ALARMS, COOKING HOODS, PAINT BOOTHS

Fire prevention bureau personnel work closely with service contractors to monitor fire protection systems within the City of Roseburg. These systems are critical for protection of the public and the buildings in which they are located.

Where a required fire protection system is out of service, the On-Duty Battalion Chief and/or fire prevention bureau personnel shall be notified immediately. The building shall either be evacuated or an approved fire watch shall be provided for all occupants left unprotected by the shut down until the fire protection system has been returned to service.
