

KNOX BOX PROGRAM

The Knox Box® rapid entry system is a secure emergency access program developed for property owners and fire departments. When a fire breaks out or there is a medical emergency, Knox® products allow immediate entry into buildings and property without forced entry damage or delay. Property owners store entrance keys, access cards and floor plans in high-security Knox-Boxes mounted near building entrances. Each KNOX-BOX purchased by a property owner is keyed to a single master key controlled by the fire department
